

[Announcement of the ITS Summer School 2025 @ICT/ACT2025 in Sendai](#)

We announce the ITS Summer School 2025 which is held on the 1st day June 15th of the 41st International and 7th Asian Conference on Thermoelectrics (ICT/ACT 2025) held during June 15-19, 2025 at the Sendai International Center, Sendai, Japan. The ITS Summer School is a very important event of ITS to educate researchers about thermoelectrics, especially students, postdoctors, and senior people new to the thermoelectric field. We acknowledge sponsorship by the Jiang Family Foundation and MTI Corporation for the Summer School.

The schedule of the School is as follows.
There are 5 Invited Lectures.

June 15th Sunday

Opening (ITS President Takao Mori)

12:55-13:35 Yukari Katsura, NIMS, "Data-driven, chemistry-oriented search for new thermoelectric materials"

13:35-14:10 Xiaoping Jiang, MTI, "Automatic & autonomous equipment for AI thermoelectric materials discovery"

14:10-14:50 Tsunehiro Takeuchi, Toyota Technological Institute, "Fundamentals about thermoelectric properties"

14:50-15:05 Break

15:05-15:45 Woochul Kim, Yonsei University, "Thermal management and thermoelectric applications"

15:45-16:25 Franck Gascoin, CRISMAT, "Different synthesis approaches for thermoelectric materials"

[* Please refer to the registration information for ITS Summer School 2025 below.](#)

Registration

Attention to the all attendees registered for ICT/ACT 2025

All attendees must register also for “ITS Summer School 2025.”

Please check the registration page for details on “Summer School Options.”

Information about Summer School is provided on the “Registration” page of the registration site.

If you would like to request a lunchbox, please register by May 28(Wed), 2025.

- Participation with a lunchbox : JPY 3,500

*Participation without a lunchbox: Free of cost
